III. REQUIRED ATTACHMENTS

I. INSTRUCTIONS FOR APPLICATION FORMS

This application is a response to the Request for Applications issued by the Council of Governments (COG). Submission of this application is an offer to contract with the COG based on the terms, conditions, and specifications contained in the Request for Applications and corresponding contract documents. Please review this application carefully, sign it where signatures are required, fill in the requested information, and attach all required documents.

FORM 1. APPLICATION INFORMATION AND SIGNATURE PAGE

This page contains general information about the Applicant, including name, contact person, address of Applicant, telephone and fax numbers, date application was submitted to the COG, amount of grant funding requested and the project category the proposal falls under. Fill out the information completely.

This form also requires the signature of the Applicant. By signing this document, the Applicant is certifying that the certifications, assurances and deliverables included in this application have been reviewed, that to the best of the Applicant's knowledge and ability all certifications are true and correct, and that all required deliverables are included in the application. Please be certain you have reviewed and fully completed any applicable certifications and deliverables before signing this document. Note, the bottom of the page is reserved for the COG's use.

FORM 2. AUTHORIZED REPRESENTATIVES

This form allows the Applicant to designate the authorized project and financial representatives who will be authorized to receive direction from the COG, manage the work being performed, and to act on behalf of the Applicant.

FORM 3. CERTIFICATIONS AND ASSURANCES

This section contains certifications and assurances the Applicant must review prior to submitting the application materials. Certifications are required to assist the COG in ensuring that the Applicant and the project are eligible for funding. Assurances are summaries of pertinent contract provisions, and ensure that the Applicant understands that there are certain obligations associated with accepting the grant funds. If awarded, Applicants will be asked to enter into a contract with the COG which will contain the entire provisions required for the grant-funded project.

FORM 4. RESOLUTION

A Resolution must be approved by the governing body of the entity presenting this Application. The form provided must be specifically signed and notarized in addition to the signature required in Form 1. This provision is applicable to all Applicants.

FORM 5. EXPLANATION OF PRIVATE INDUSTRY NOTIFICATION

Form 5a and 5b must be completed for funding under the following grant categories:

- a. Source Reduction and Recycling
- b. Citizens' Collection Stations and "Small" Registered Transfer Stations
- c. Installation of Scales at Municipal Solid Waste Landfills
- d. A demonstration project under the Educational and Training Projects category

According to state law (*Section 361.014 (b) TX Health & Safety Code*), a project or service funded under this program must promote cooperation between public and private entities, and the grant-funded project or service may not be otherwise readily available or create a competitive advantage over a private industry that provides recycling or solid waste services. In accordance with grant requirements established by the Texas Natural Resource Conservation Commission, an Applicant for funding under one of the above listed project categories must adhere to the requirements listed below.

1. Contact in person or in writing the known private service providers of similar services which, at the time of the application development, are providing services within the geographic service area that the project intends to serve, prior to making the application. A list of private service providers within the region is available from the COG.
2. Inform the private service providers of the basic details of the proposed project and consider any input and concerns from the private service providers about the project when completing the project proposal.
3. Consider, where appropriate, meeting directly with private service providers that may have a concern about the proposed project to attempt to resolve any concerns before an application is submitted.
4. Complete applicable information on Forms 5a and 5b to provide documentation that private service providers were notified of the project prior to submission of the application.

Form 5a. List of Private Service Providers Notified

List the names and telephone numbers of private service providers notified of the proposed project. Include the date of notification.

Form 5b. Summaries of Discussions with Private Industry

Provide summaries of any input and concerns raised by the private service providers; summaries of any meetings or discussions held between the Applicant and the private service providers; an explanation of any changes made to the proposed project to address private service provider concerns; and an explanation of any remaining concerns that were not addressed and why the Applicant determined that the concerns are not valid under the statutory requirements. Attach to the application any written comments or concerns provided by a private service provider concerning the project.

FORM 6. PROJECT SUMMARY

The project summary, consisting of Forms 6a-6d below, should be completed to the best of your ability. Note that the project summary is based on the scoring criteria stated in the Request for Application. Please refer to the specific questions listed in the scoring criteria when completing the project summary. Add additional pages as necessary to adequately describe the project.

Form 6a. Project Description

Provide a detailed description of the proposed project. As concisely as possible, include information as to why the proposed project is needed; clearly state the goal of the proposed project; estimate the number of people who would be served or benefitted; the geographic area affected; target the specific waste stream of the project. Identify the levels of customer incentives, public education, or input, as appropriate to the project. Describe the project in sufficient detail to demonstrate its overall feasibility or workability. If the project includes equipment, explain how the specified equipment is appropriate for the work to be performed. If the proposed grant-funded project will be a part of an overall program, provide a description of the program. Adequately describe the expected benefits of the proposed project.

In addition, address whether this service is the first time it is offered to the area planned to be served.

Form 6b. Scope of Work

Provide a work program with a schedule of deliverables for the proposed project or program. The work program with the schedule of deliverables will be considered the Scope of Work to be performed under the contract agreement, if funded. Once the details of the work program have been negotiated with the Applicant and approved by the COG, the work program will be entered into the grant contract.

As concisely as possible, for each task of the proposed project, describe the major steps or activities involved, identify the responsible entities and establish a specific timeframe to accomplish each task. The scope of work for the project or program must include:

- Detailed purpose and goal of the project
- Specific task statements with responsible entity identified
- List of deliverables/products/activities under each task

- Schedule of deliverables

Format for Submitting Scope of Work:

Project or Program Title
Project Purpose and Goal statement:
1. Task:
a. Activity and/or Deliverable
- Schedule of Activity and/or Deliverable
b. Activity and/or Deliverable
- Schedule of Activity and/or Deliverable
c. (Etc.)
2. Task:
a. Activity and/or Deliverable
- Schedule of Activity and/or Deliverable
b. Activity and/or Deliverable
- Schedule of Activity and/or Deliverable
3. (Etc.)

Form 6c. Level of Commitment of the Applicant

Provide information related to the Applicant’s level of commitment to preferred solid waste management practices. If the proposed project is an ongoing service, demonstrate the ability to sustain the program beyond the term of the grant. Explain the extent to which the appropriate governing bodies support the proposed project.

Form 6d. Community Support

Comment on the degree of community and/or regional support for the proposed project. Include, as an attachment to this application form, any documentation of such support, such as letters or poll results.

Form 6e. Cooperative Efforts

Groups of local governments are encouraged to work in partnership with each other under this grant program to reach the stated goals of Clean Texas 2000. These “cluster” communities should designate one governmental entity as the coordinator of the cluster and manager of the work program. This lead entity will be the organization that will enter into an interlocal contract with the ETCOG. Therefore, this lead entity will be responsible for any further contractual agreement with the other entities involved. Furthermore, the lead entity will be expected to submit the grant project to the SWAC. Note that there should be a resolution of support from each local government included in the application or presented before the start of the ETCOG Solid Waste Advisory

Committee scoring meeting. In order to qualify for cooperative effort credit, each organization must be actually involved in performing work program tasks that contribute to the overall completion of the project. Therefore, such a resolution, mentioned above from secondary applicants of a cooperative project, must list those tasks that it will perform from the overall project work program. Below list the participating local governments, districts or agencies that will be working in cooperation together to perform the project tasks.

Form 6f. Project Cost Evaluation

Provide an evaluation of the costs associated with the proposed project. Explain how the total related costs of the proposed project were adequately considered; compare project costs to established averages or to normal costs for similar projects. Present the costs in unit terms, such as cost per ton, cost per customer, or cost per capita, as applicable. Describe any measurable costs savings, or reasonably justified costs of the project.

List previously demonstrated commitment to preferred solid waste management practice, such as implementing other solid waste management projects, involvement in a local or subregional solid waste management plan or study, or membership in Clean Cities 2000.

If the proposed project has received previous grant funding under this program, explain to what extent does the proposal involve expansion of current services or operations; present quantifiable documentation of the success of the project in order to warrant further funding. Demonstrate a good record of past grant contractual performance.

FORM 7. GRANT BUDGET SUMMARY

Provide a breakdown of the total amount of grant funding being requested for the proposed project using this form. The expenses must be consistent with the category expense standards provided with the Request for Application. Complete any of the detailed budget forms which are applicable.

Form 7a. Detailed Matching Funds/In-Kind Expenses

Matching funds or contribution of in-kind services are not required under this grant program and are therefore, not included in the Grant Budget Summary. However, to fully evaluate the proposed project, any match of funds or in-kind services should be disclosed in this application. This budget form should be completed if any level of matching funds or in-kind services are directly related to the proposed project.

Form 7b. Detailed Personnel/Salaries Expenses

This budget form should be completed if any expenses are entered for personnel/salaries on Line 1 of your Grant Budget Summary.

Appropriate salaries for employees working directly on the funded project may be authorized under most of the grant categories. If the project or program proposes personnel to be funded wholly or in part by this grant, complete this budget form listing each employee. Any changes to the personnel funded under the grant must be approved by the COG. If changes to the

personnel assigned to the project are necessary, you may submit a revised Form 7b to the COG with a letter requesting changes. The revised documents and the COG response will be included in your contract file.

Please refer to the following definitions in completing this form:

- *FTE* (portion of a full-time employee equivalent dedicated to the described function; e.g., 100% = 1.0 FTE, 50% = 0.5 FTE)
- *Status* (full-time or part-time, permanent or temporary)
- *Function* (describe only those responsibilities directly related to the solid waste grants program)
- *Salary* (monthly salary)

Form 7c. Detailed Travel Expenses

This budget form should be completed if any expenses are entered for travel on Line 3 of your Grant Budget Summary.

Travel expenses directly related to the conduct of the funded program may be authorized. Only the employees of the funds recipient assigned to the project should receive reimbursement for travel expenses.

In accordance with the UGMS, in those instances where grantees do not have an established organization-wide written travel policy approved by the governing board of the local jurisdiction, all employee-related travel expenses must be claimed at no higher than the same rates allowed by the State of Texas for its employees. Out-of-state travel for pass-through grant recipients will not normally be authorized.

On the detailed budget form for grant-funded travel, describe the types of travel expenses expected; whether the travel is routine in-region travel expense or the travel is not routine; and the purpose for the travel.

Non-routine travel, including out-of-state travel or travel to special conferences or events must be approved by the COG in advance of the travel event. If changes to the non-routine travel expenses detailed in this application are necessary, you may submit a revised Form 7c to the COG with a letter requesting changes. The revised documents and the COG response will be included in your contract file.

Form 7d. Detailed Supply Expenses

This budget form should be completed if any expenses are entered for supplies on Line 4 of your Grant Budget Summary.

Supplies are non-construction related goods and materials having a unit acquisition cost (including freight) of less than \$1,000. Such expenditures shall generally relate to the routine purchase of office supplies or other goods which are consumed by the grant recipient in a relatively short period of time, in the regular performance of the funded project. (Expenses

for food and beverages are not allowable. Further, any items not routinely used in conducting normal business over the year should be listed under the "other" budget category).

"General office/desk supplies" typically include such items as notepads, folders and three-ring binders, pens and pencils, paper clips and binder clips, staplers and staples, tape and dispensers, calendars, computer diskettes, and other similar items.

"Other supplies" may include such items as film and film processing, audio and video tapes, copier and printer toner and paper, etc.

On the detailed budget sheet for grant-funded supplies, list the general types of supplies you intend to purchase with grant funding.

Form 7e. Detailed Equipment Expenses

This budget form should be completed if any expenses are entered for equipment on Line 5 of your Grant Budget Summary.

Expenses included under the Equipment expense category should be for non-construction related, tangible, personal property having a unit acquisition cost of \$1,000 or more (including freight and set up costs) with an estimated useful life of over one year. Any equipment that will be used for other projects or activities, in addition to the funded project, may only be funded at an amount reflecting the appropriate percentage of time that the equipment will be directly used for the funded project.

All equipment purchases must be approved in advance of purchase by the COG, following established procedures. If changes to the equipment expenses detailed in this application are necessary, or when specific details to the equipment must be added after the grant is awarded, you may submit a revised Form 7e to the COG with a letter requesting changes. The revised documents and the COG response will be included in your contract file.

Please note that your contract will include specific language on title to and management of real property and equipment. By entering into the grant contract, the Applicant must agree to continue to use the grant-funded equipment only for the purposes intended under the grant.

Form 7f. Detailed Construction Expenses

This budget form should be completed if any expenses are entered for construction on Line 6 of your Grant Budget Summary.

Expenses budgeted under this category should be for costs related to the enhancement or building of permanent facilities. Appropriate costs that may be included are:

- a. The cost of planning the project;
- b. The cost of materials and labor connected to the construction project;
- c. The cost of equipment attached to the permanent structure; and
- d. Any subcontracts, including contracts for services, performed as part of the

construction.

On the detailed budget form for grant-funded construction, list the construction expenses you expect to incur with grant funding, and if the work or part of the work will be subcontracted.

No construction costs shall be incurred by a pass-through grant recipient unless the construction details are approved in advance by the COG, following established procedures.

If changes to the construction expenses detailed in this application are necessary, you may submit a revised Form 7f to the COG with a letter requesting changes. The revised documents and the COG response will be included in your contract file.

Form 7g. Detailed Contractual Expenses

This budget form should be completed if any expenses are entered for contractual services on Line 7 of your Grant Budget Summary.

Expenses included under this category should be for costs for professional services or tasks provided by a firm or individual who is not employed by the grant recipient. Note that the contractual costs for construction-related services should be included under the Construction category. *Applicable laws and regulations concerning bidding and contracting for services must be followed.*

Note that any expenses (including legal fees, staff time, travel, and communications) related in any way to drafting legislation, lobbying for legislation, or other political activities are not allowable under this program.

On the detailed budget form for grant-funded contractual expenses, describe the contractual expenses associated with the proposed project.

No contractual costs may be incurred by a pass-through grant recipient unless the subcontract is approved in advance by the COG, following established procedures. If changes to the contractual expenses detailed in this application are necessary, you may submit a revised Form 7g to the COG with a letter requesting changes. The revised documents and the COG response will be included in your contract file.

Form 7h. Detailed Other Expenses

This budget form should be completed if any expenses are entered under "Other" on Line 8 of your Grant Budget Summary.

Other expenses, not falling under the main expense categories, may be included, if appropriate for the proposed project. If you will have additional "Other" expenses, not already listed, please itemize those expenses on the second table. The restrictions set forth in the grant contract apply. If any of the expenses listed are included in the calculation of indirect charges, do not itemize them on this sheet.

On the detailed budget form for grant-funded other expenses, list the other expenses

associated with the proposed project.

Computer hardware not listed in the equipment budget form (computer equipment with a unit cost of less than \$1,000), computer software, and additional other expenses must be authorized in advance of purchase by the COG, following established procedures. If changes to the other expenses detailed in this application are necessary, you may submit a revised form 7h to the COG with a letter requesting changes. The revised documents and the COG response will be included in your contract file.

Form 8. Previously Funded Project Summary Report

If the applicant has been previously funded from an ETCOG/TNRCC solid waste grant, then provide at least a one page summary report of the impact of such project(s).

II. APPLICATION FORMS

*Please detach the instruction pages prior to submitting the following application forms.

FORM 3. CERTIFICATIONS AND ASSURANCES

Certifications

In order to receive grant funds under this program, the proposed project must conform to the provisions set forth in the Request for Applications (RFA). The following certifications are intended to help the COG to ensure that these provisions are met. By signing this Application, the person acting on behalf of the Applicant makes the certifications listed below.

1. Authority to Sign Application

The person signing this Application hereby certifies that he/she is the official contact regarding this Application and has authority from the Applicant to sign the Application and that such authority will bind the Applicant in subsequent agreements.

2. Application Contains No False Statements

Applicant certifies that this Application has no false statements and that the Applicant understands that signing this Application with a false statement is a material breach of contract and shall void the submitted Application and any resulting contracts. The Applicant understands that the COG will not accept any amendment, revision, addition or alteration to this Application after the final date and time for submission.

4. Governmental Status

Applicant certifies that it is located in the State of Texas and fits within one of the governmental classifications listed below, as determined under state law:

- a. City
- b. County
- c. Public school or school district (not including Universities or post secondary educational institutions)
- d. Other general and special law district with the authority and responsibility for water quality protection or municipal solid waste management, including river authorities
- e. Council of Governments

5. Conformance to Standards

The Applicant certifies to the best of their knowledge and ability that the proposed project, including all activities in the proposed Scope of Work, conforms to the eligible category standards and allowable expense and funding standards as set forth in the Request for Applications.

6. Solid Waste Fee Payments

Applicant certifies that it is not delinquent in payment of solid waste disposal fees owed the State

of Texas.

7. Consideration of Private Industry

The following certification only applies if the project is under one of the following grant categories:

- a. Source Reduction and Recycling
- b. Citizens' Collection Stations and "Small" Registered Transfer Stations
- c. Installation of Scales at Municipal Solid Waste Landfills
- d. A demonstration project under the Educational and Training Projects category

Applicant certifies that it has notified private service providers in accordance with the requirements set forth in the Request for Applications and the instructions provided with this application form. Applicant further certifies to the best of their knowledge and ability (after completing Form 5) that the proposed project will promote cooperation between public and private entities, is not otherwise readily available, and will not create a competitive advantage over a private industry that provides recycling or solid waste services.

8. Consistency with Regional Solid Waste Management Plan

Applicant certifies to the best of their knowledge and ability that the proposed project is consistent with applicable goals, objectives, and recommendations of the adopted regional solid waste management plan of the COG.

9. Technical Feasibility

Applicant certifies that it has carefully reviewed its Scope of Work and that to the best of their knowledge and ability all activities are technically feasible and can be satisfactorily completed within the grant period as set forth in the Request for Applications.

10. Costs Reasonable and Necessary

Applicant certifies to the best of their knowledge and ability that the proposed project activities in the Scope of Work and the expenses outline in the Budget are reasonable and necessary to accomplish the project objectives, and that the proposed expenses are consistent with the costs of comparable goods and services.

11. Certification by Law Enforcement Programs

If the Applicant is a law enforcement entity regulated by Chapter 415 of the Government Code, the Applicant certifies that it is in compliance with all rules developed by the Commission on Law Enforcement Officer Standards and Education (TCLEOSE) pursuant to Chapter 415, Government Code; or that it is in the process of achieving compliance with such rules. If compliance is pending, a certification from TCLEOSE must be attached to indicate that the Applicant is in the process of achieving compliance with the rules.

Assurances

If the application is approved for funding, the grant funds will be awarded through a contract between the Applicant and the COG. The grant contract will contain a number of standards, requirements, and processes that must be complied with as a condition of receiving the grant funds.

In order to ensure an understanding by the Applicant of some of the main conditions that will be included in the contract, the Applicant is asked to review the following assurances. By signing this Application, the person acting on behalf of the Applicant indicates their understanding of these conditions and provides assurances that these and other conditions set forth in the grant contract will be adhered to if funding is awarded.

1. Compliance with Standard Pertaining to Real Property and Equipment

Applicant provides assurances that, if funded, the Applicant will comply with the contract provisions pertaining to title to and management of real property and equipment. The contract will contain obligations and conditions regarding the use of the equipment and/or facilities (the “property”) acquired under the agreement. Included in the provisions are obligations to provide adequate maintenance and conduct physical property inventories; restrictions and conditions on the use, replacement, sale, or transfer of the property; and obligations to continue to adhere to the provisions that grant funds not be used to create a competitive advantage over private industry, in the use or transfer of the property.

2. Participation in TNRCC Recycling Surveys and Reporting

Applicant provides assurances that, if funded, the Applicant will respond to annual recycling program surveys and/or other requests from the COG or the Texas Natural Resource Conservation Commission for information on municipal solid waste management activities.

3. Compliance with Progress and Results Reporting Requirements

Applicant provides assurances that, if funded, the Applicant will comply with requirements for: reporting on the progress of the project tasks and deliverables; documenting the results of the project and providing those results to the COG on a schedule established by the COG, and additionally, to continue to document the results of the project activities for the life of the project; and to provide the COG with a follow-up results report approximately one year after the end of the grant term.

4. Financial Management

Applicant provides assurances that, if funded, the Applicant will comply with contract provisions and requirements necessary to ensure that expenses are reasonable and necessary, and to adhere to financial administration and reimbursement procedures and provide financial reports on a schedule established by the COG.

5. Compliance with Americans with Disabilities Act

Applicant provides assurances that, if funded, the Applicant will comply with all the applicable

requirements of the Americans with Disabilities Act of 1990, 42 U.S.C. §§ 12101-12213 (Pamph.1995).

6. Compliance with the Single Audit Act

Applicant provides assurances that, if funded, the Applicant will comply with the Single Audit Act as defined by the Uniform Grant Management Standards (UGMS), January 1998.

7. Compliance with Program and Fiscal Monitoring

Applicant provides assurances that, if funded, the Applicant will comply with program and fiscal monitoring provisions of the contract, including: providing additional reports or information as may be requested to adequately track the progress of the project; and allowing site visits to evaluate the progress of the project and to view any grant-funded equipment or facility.

FORM 4. RESOLUTION

Applicable to all Applicants.

A resolution authorizing the application must be approved by the governing body of the Applicant. Following this page is an example Resolution Form that may be used to prepare the required resolution. This or a similar resolution must be specifically signed and notarized in addition to the signature required in Form 1.

To complete your application, please remove this page and replace it with a signed resolution of your entity's governing body.
